Four TARUC students receive full scholarship from foundation

OSK Foundation awarded full scholarships to four deserving students from Tunku Abdul Rahman University College (TARUC).

These students from low-income families will be able to pursue their dreams without being a financial burden to their families.

The inaugural OSK Foundation Scholarship encompasses financial support that includes full tuition fees and a monthly living allowance for the duration of the diploma courses.

As part of the scholarship criteria, recipients are required to undergo a minimum 20 hours of community volunteering service per semester as a means of paying-it-forward.

This is in line with the foundation's principle of creating value to the community and also to mould

students into well-rounded, compassionate, and community-minded individuals.

The scholarship award scheme also gives recipients an opportunity for internship or practical training at OSK Group or its affiliates if required as part of their programme of study.

The scholarships were presented by OSK Holdings Bhd executive chairman Tan Sri Ong Leong Huat at a special ceremony in Plaza OSK in Kuala Lumpur.

Also present was OSK Foundation chief executive officer Cheryl Ong.

The event was attended by representatives from TARUC, led by its Student Affairs and Quality Assurance vice-president Dr Chook Ka Joo.

Speaking at the awards presenta-

tion ceremony, Ong said, "We are glad to be able to partner with TARUC in providing scholarships to deserving students."

"This is our first batch of students, and it is OSK Foundation's hope that through this scholarship initiative, we can contribute and grow a network of young professionals who will eventually be valuable assets to their families, communities and country."

Responding to the scholarship award, Dr Chook thanked OSK Foundation for investing in the students' lives, and reminded the recipients to work hard and that it takes true determination to make it to the top.

OSK Foundation scholarships are awarded to undergraduate students currently pursuing their diploma in selected fields of study in TARUC.
